Dominik Mersch Gallery will host the works of two emerging artists, Julian Day (*Vibrant Matter*) and Emma Fielden (*Dark Matter*).

The debut exhibition offers a unique and immersive experience, as both works explore interdisciplinary art: Fielden by using the space-time continuum and magnetic fields to sift through ideas of religion and quantum entanglement; Day by examining the abstract and political forces through sound waves and music.

The opening day will also see Julian Day launch his debut album *White On White*, which will be available to purchase at the gallery.

The exhibition runs from Thursday July 7 to Saturday July 30 at the Dominik Mersch Gallery, Rushcutters Bay. Visit the [website](#) for more information.
